

SHINGO PRINCIPLES OF OPERATIONAL EXCELLENCE

OPPORTUNITY

Content Summary

This workshop is designed to introduce the Shingo Model and the underlying principles behind the Shingo Prize philosophy and approach. Participants will get an in-depth look at the levels of transformation and the various business processes that are presented in the model and an understanding of the transformational path ahead of your organization in pursuing a lean culture.

Learning Objectives

Participants will learn and gain experience in aligning their organizational principles and core values with their systems. There will be group activities that help develop skills in assessing alignment, and also how to address misalignments by imbedding principles into work and management systems.

Unique Learning Approach

This course contains many interactive simulations and exercises designed to allow the participant to gain a deeper understanding of the material and be able to apply the principles and concepts that they learned throughout the course.

Who Would Benefit From This Workshop?

Those who want to learn the basics of Lean and begin, or participate in, the implementation at their organization.

- Leadership at all levels
- General Managers
- Lean Team Members
- Administrative Management

This Workshop Will Teach You...

- The unique capacity of the Shingo Model to guide and drive a lean transformation
- How to recognize principle-driven behavior
- How leadership can operationalize guiding principles in day-to-day work

Cost

\$800 per person
